ROJAS REPORTED A FEDERAL NOW

Is Said to Be at Head of 90 Men Making For Madera, Chih.

Antonio Rojas, who was released from the Chihuahua penitentiary early in the week by order of Gen. Orozco, is reported to have turned federal and, with 90 of his followers, is said to have returned to his old haunts in the Guerrero district. It was rumored in Juarez Tuesday morning that Rojas had reached a point near Madera with his band and at any time was likely to attack the town, which is garrisoned by about 50 rebels. No confirmation of these reports could be obtained in Juarez. Rojas was a general in the rebel army when the revolution broke out late in the winter, and was charged with robbing the National bank in Juarez of several thousands of dollars. Later, before a military court, Rojas was sentenced to five years in the penitentiary for not obeying Orozco in making a campaign against the federal forces at Ojinaga.

COL. SANCHEZ HERE TO TALK WITH BLANCO

Commander of Federals at Ojinaga May Have Designs Upon Juarez.

Col. Jose de la Cruz Sanchez, commander of the federal force at Ojinaga, arrived on the G. H. & S. A. Monday evening. Gen. Jose de la Cruz Blanco will arrive from Mexico City Wednesday. The two federal commanders, together with Mexican consul Enrique C. Lorente and Alberto Madero, will hold a council of war at the Mexican consulate regarding the campaign against the rebels in the state of Chihuahua and around Juarez. Col. Sanchez was accompanied by his nephew, Pancho Sanchez, and a number of his troops, wearing civilian clothing. He crossed the river near Sierra Blanca and was accompanied to El Paso by state ranger Charles Webster. "My troops are at Ojinaga," he said, after evading the question of what his purpose was in El Paso. "I do not know the number, as they are scattered over considerable territory," he said, with a smile which said that he knew to a man how many troops he had.

REBELS DEFEATED IN ATTACK ON FUERTE

Tucson, Ariz., May 28.—Two hundred rebels demanding the surrender of the Fort, Sunday, were defeated by 120 federal troops. The rebels, the rebels falling back to Chio, where a battle is expected. The rebels attacked Acapeteca, Sinaloa, Monday. The wires were cut at Rosario and no details are received of the Acapeteca attack. It is believed the rebels are attempting to form a junction to attack Mazatlan.

FIGHTING WITH REBELS IN VICINITY OF TORREON

Mexico City, May 28.—A telegram from a special correspondent of El Imparcial, filed at 11:40 a. m. Monday in Torreon states that the rebels in Torreon states that the rebels are concentrating in Alamo, 10 miles to the southwest in Durango, where Gen. Blanquet now has 1,500 men with artillery. Dispatches to El Imparcial state that Candido Aguilar, who, according to a government report, defeated Arguendo and Campa at San Juan de Guadalupe, has been defeated by the rebels near Torreon.

WILL TAKE WHATEVER MEASURES NEEDED

Soldiers to Govern Themselves in Cuba as Circumstances Direct.

Washington, D. C., May 28.—The United States is prepared to send marines and bluejackets to the interior of Cuba for the protection of American and foreign interests, where necessary, and where no Cuban forces are available. The president's order, however, president Gomez should object to such a course. It is emphatically held at the state department that American marine and navy officers are expected to take such measures as become necessary to protect American and foreign plantations. **Pratt Arrives in Cuba.** Caimanera, Cuba, May 28.—The naval transport, *Pratt*, arrived here early today, bringing 75 men of the United States marine corps. **Burning Property.** Santiago, Cuba, May 28.—A body of insurgents burned 8000 tons of sugar cane, many cars and other property on the plantation of Marcos Sanchez, in the vicinity of Guantanamo, and belonging to the American Fidelity company. **Cars to Transport Troops.** Denver, Colo., May 28.—Union Pacific railroad officials in Denver today received orders to send sufficient equipment to Cheyenne, Wyo., to meet demands for a sudden movement of troops from Fort D. A. Russell. It is believed the order is intended merely to supplement the instructions from Washington yesterday to hold Fort Russell troops in readiness to move immediately in response to rush orders.

REBELS REPULSED; ATTACK MAZATLAN

Tucson, Ariz., May 28.—The federalists repulsed the rebels in their attack on Acapeteca, Monday, according to word received here today. The rebels losing 10 killed and a number wounded, and the federalists one killed. A number of citizens aided the federalists in defending the town. Quinteros and Franco, with 49 followers, fought the federalists in the outskirts of Mazatlan today, according to an unconfirmed report late this afternoon. Joseph Ravel, a secondhand dealer at 408 South El Paso street, who was arrested Friday afternoon on the charge of conspiracy to smuggle arms and ammunition to Mexico, was held in the prison by the federal commissioner George B. Oliver, Monday.

WELL KNOWN MAN IS KILLED FOR TREASON

Executed by Federals at Mazatlan—Americans Are Leaving Country.

Mazatlan, Sin., Mex., May 28.—Roberto Altamira, millionaire member of one of the chief families of Sinaloa, was executed for treason by the federalists last night. His execution has caused consternation here as it was the first time a wealthy man has paid the extreme penalty for disloyalty. It was held at midnight and in private on the Paseo Centenario in front of the Governor's residence, the archbishop of the Pacific. Another prisoner was executed by the firing squad of 12 at the same time. Altamira was a leader of rebels when Cullinan was taken. A month ago he sued for a pardon and, believing that it was granted, came to Mazatlan 10 days ago. He was arrested, tried, found guilty of treason and paid the penalty. The prisoners taken by Ojinaga near Mocorito several weeks ago were transported to Tres Marias penal colony instead of to the federal army in front of Orozco. The gunboat *Guerrero* was in port one hour Sunday en route from the penal colony to Mazatlan and took aboard 50 men of the local garrison. His purpose is not known. The American consul at Durango has sent a circular to every American in the mountains warning him to pack his most valuable belongings and prepare for instant departure for safety on the coast at Mazatlan. It is a five days' horseback ride. No reason is assigned for the circular, which is peremptory. American consul Algor leaves Mazatlan today for an official visit to Culiacan. His purpose is not known. Two mining men from the Mocorito section say that the general belief is that American intervention is probably what has brought about strained relations between natives and Americans. They declare the Americans are preparing to leave their property. Federal authorities claim to have the country well in hand.

TORREON REPORT IS STILL UNCONFIRMED

The report of the taking of Torreon by the rebels still lacks confirmation. Col. Pascual Orozco, the military commander of Juarez, has received no further advice about the reported capture of the federal stronghold by Campa and Arguendo. Torreon is well defended against rebel attacks, according to a message received here early today by E. C. Lorente, the Mexican consul, who inquired of Albert Aguilar, chief of arms at Torreon, concerning the report that Torreon had fallen. "It is absolutely false," wired Aguilar, "that Torreon has fallen into the hands of the rebels and it never will, because it has a strong garrison for its defense."

FEDERALS HIRING SOLDIERS BY THE DAY IN SINALOA

Mazatlan, Mexico, May 28.—A delay in transmitting the instructions from between 100 federalists and an equal number of rebels at Mazatlan, 12 miles from here, resulted in the defeat of the rebels with a loss of two men. The federal troops followed the rebels toward the city, another battle was expected. Rumor has it that the federal commander is reported to be hiring men at a dollar a day with the privilege of quitting the service at any time at the end of a day's work.

HOLDUP ORDER IS RECEIVED TOO LATE

Dynamite Ordered Held by Washington Already Had Gone South.

Washington, D. C., May 28.—Despite an alleged agreement by Gen. Orozco not to molest a consignment of dynamite from El Paso, Tex., to Chihuahua City for use in mines, Mexican rebels have captured, according to reports received here, two cartloads of the explosive. Immediately upon the receipt of this information secretary MacVeigh ordered the collector of customs at El Paso to hold up the remaining three cartloads. President Taft authorized the exportation upon the condition that Gen. Orozco's forces would not interfere with it. Collector A. L. Sharpe received the advice from the treasury department to hold up the shipment of dynamite, which was intended for the San Toy Mining company. But the telegraphic advice was sent too late, as the last of the five cartloads was passing on May 24 and were sent south out of Juarez Monday evening, the same time that the telegram was received by the customs collector in El Paso. The dynamite was for Donald Gillies, of Chihuahua.

TRAIN BEARING THE WOUNDED FIRED UPON

Train Stops, and Resumes Journey Without Conductor Archer.

A train on the Mexican North Western railroad which was carrying the rebel and federal wounded of the battle of San Isidro de Temascaltepec to Chihuahua hospital, was shot into at Santa Isabella Monday morning. There were about 12 wounded on board the train from the battle, both federal and rebel, and as the train was passing through the station a band of men opened fire on it. The train was immediately stopped and conductor Archer, who was in charge, jumped off and hid in the embrankment to await the cessation of shooting. The engineer again started his train and the train went on to Chihuahua, leaving conductor Archer at Santa Isabella.

BURFORD MAKING SLOW PROGRESS

Aboard the United States Transport *Burford*, May 28.—The *Burford* (Anzac), hampered by headwinds and seas, the *Burford* with 284 American troops aboard, will not arrive at San Diego until Wednesday at noon or later. The seven cases of typhoid taken aboard the transport at Mazatlan are convalescent. Forty-one of the refugees will be landed at San Diego. "One hundred and sixty, including 27 missionaries of the church of the Nazarene, will land at San Pedro, and 187 will be landed at San Francisco."

SAYS RAILROAD REVENUES LARGELY HELP THE REBELS

Los Angeles, Calif., May 28.—A grant part of the funds to finance the Mexican revolution is being derived by Gen. Orozco from freight and express receipts on the Mexican National railroad, according to E. R. Jones, vice president of Wells Fargo and company, who is in Los Angeles today, after a trip into the southern republic. "The rebels are operating the railroad and taking of course all receipts from freight, passengers and express," said Mr. Jones. "The total amounts to about \$375,000 a month."

MYRTLE VANE Stock Company El Paso Theatre A BIG NEW SHOW Along the Mohawk TONIGHT AND ALL WEEK 25, 35, 50c

Bargain Matinee and Stage Reception Saturday.

AMUSEMENTS.

"JOSEPHINE" IN PICTURES. "Josephine," an elaborate production by the Cines Co. of Rome, will be shown at the Wigwam today. The greatest cure has been shown in the detail, and the events of her life are covered from the time the gypsy foretold her future until she heard the news of the birth of the King of Rome. The gowns worn by Josephine and the women of the court are a feature.

The best civil war drama of the year is promised for tomorrow. This week the Myrtle Vane company is presenting a play which although new to theatregoers at El Paso is said to be recognized as one of the very best vehicles of entertainment on the American stage. Along the Mohawk, replete with pathos and comedy, should be acknowledged by the patrons of the El Paso as one of the best yet. manager It has never before been seen here but is absolutely guaranteed by the management. Tickets are on sale at 25c, nothing higher than 50c. Matinee and evening every Saturday at 2:30 and 10 and 30c. There will be no matinee on Sunday, but on Wednesday. Hereafter two bills per week will be given.

AT THE AUDITORIUM. Says manager Fogg: "The Lee Co. opened its second week last night with the laughable farce, 'An Awful Mistake,' which adds not a little to the show. 'An Awful Mistake' will be given tonight and tomorrow night. Seats are on sale at 15c and 25c. The prices are 25c, 35c and 50c for boxes."

"This side splitting comedy was rendered by the James P. Lee company, who seem to be prime favorites in El Paso. The great mistake is made when Mary Mowley, widow of Capt. Mowley, is shown as a widow, the strength of the report that the

captain was drowned at sea. He comes back and he had also married while away, by mistake, and in fact, it was a series of mistakes that presents some very amusing sides. Mr. Lee, in his inimitable manner, represented Caraway Jones, the undertaker. Evans as Capt. Mowley, and Nora Bennett as the captain's widow, portrayed the prominent features in the mistakes made, which the audience, the son, and the other persons on the program all contributed to the success of the feature. The special scenes, and particularly that by the little set of eight years, one of the Lee family, was a never failing source of wonder and transport to the crowd. The costume and dancing, songs, laughter and general and unadorned pleasure and rest afforded by an hour or two of the Auditorium will prove of value to anyone attending."
